VIRTUAL OPEN HOME Product Description

PRODUCT DESCRIPTION:

On the following pages is a cost outline for our Virtual Open Home offering for the Real Estate market, and additional information about our Virtual Reality (VR) Technology.

VIRTUAL OPEN HOME (VOH)

VOH is our product for the real estate and rental market. Our standard image quality allows for a fast turnaround and reduced costs compared to our other products.

Why you should pick our solution:

- VOH carries your branding, not ours
- We can ask visitors to leave their contact details before the Virtual Tour loads
- We can capture that amazing garden and view from the deck
- We can add close-up photographs or videos into the VR Tour
- We offer a package that includes a Virtual Tour and professional property photography
- We offer special discounts if you sign up with us

Advantages of our technology:

- Instant compatibility with VR glasses like Google cardboard etc.: this is a feature we embed into our software and it is automatically offered to people visiting our tours on a mobile device
- We host VR tours on our server infrastructure with SSL encryption and provide a html snippet that allows for responsive integration of our VR tours into your website
- Further customisation options: e.g. thumbnail list, dropdown list with direct access to locations, custom fonts, location on Bing Maps, custom colors for all icons and hotspot links, embedded 2D photos and videos
- Optional ultra HD 360 imagery resolution

We constantly look at upgrading and improving our technology. The moment we improve our software or hardware we will use this for all future projects at no extra costs. Costs stated are for our standard image quality.

Prices:

The following list indicates our price model. A sphere is a 360-degree panoramic photograph and allows you to look up, down and around. The number of rooms and outside areas determines the number of spheres. We found that the below figures work well as a guideline:

	Max # of spheres	costs	
1 Bedroom	10	\$230	
2 Bedrooms	15	\$275	
3 Bedroom	20	\$345	
4 Bedroom	25	\$415	
5 Bedroom	30	\$485	
6 Bedroom	35	\$555	

Add 15 high quality, professional real estate photographs for \$260 in a packet deal.

A special discounted pre-paid ten package is available and gives you ten 4 bedroom packages for the price of 9 3 bedroom packages.

Your individual branding requires a one-off setup fee of \$160 and will include your company logo and colours. This design will be re-used for all your tours. A generic option with our branding is available.

All our prices are excluding GST. Travel to outside Nelson/Richmond area will be charged extra.

Thank you. We look forward to working with you to turn your *VISION* into *VIRTUAL Reality!*

Prices are valid on the date of creation (21 April 2017), but are subject to change.

Copyright of all created material remains with RELIVE360 Ltd. until payment.
